Storyboards

Please complete this form for **EACH PAGE** of your Website and **EACH PAGE/SCREEN** of your mobile app. Each should have a minimum of five (5) internal pages/screens for a total of ten (10). Do not worry if you think you will change your mind about your site. This is just a starting point! You will very likely revise as you go along.

Storyboard Form	
Your Name: Angela Gillentine	
Page Title: Massage Therapist Kevin Adams	File Name: index.html
Description of Copy Text (What the text will accomplish on this page?)	There will be a navigation menu providing links to view all pages of the website where they will learn about the therapist, view services offered, view contact information, and have the ability to book an appointment online. Text on this page will include what massage is and what it does for the body.
Links on the Page:	Links will include a navigation menu consisting of a home page, about, services, contact, and book an appointment.
User Interaction (Navigating only or navigating plus opportunity to contribute?)	Navigation links on the page will provide the user with options to read about what they are searching for. If the user wishes to make an appointment they will interact with a calendar that gives them a chance to choose a day and time that is convenient for them. They will also need to provide a their name, phone number, and email address.
Graphical Elements/Images (Description plus file name)	The main image will be a photo of a therapist giving the customer a shoulder massage. The file name is massage1.jpg. There will also be a company logo, filename KALogo.png.
Color Specs:	HEX #355f3b, #1e3621, FFFFFFFF, #161716
Font Specs:	In the body of the text I will be using font-families Montserrat and Poppins which are sans-serif fonts.

Storyboards

Please complete this form for **EACH PAGE** of your Website and **EACH PAGE/SCREEN** of your mobile app. Each should have a minimum of five (5) internal pages/screens for a total of ten (10). Do not worry if you think you will change your mind about your site. This is just a starting point! You will very likely revise as you go along.

Storyboard Form	
Your Name: Angela Gillentine	
Page Title: Massage Therapist Kevin Adams	File Name: index.html
Description of Copy Text (What the text will accomplish on this page?)	Text on this page will include login area where they will input their username and password. They will have the option to reset their password if they forget. If they don't have an account yet they will be able to create one. There will also be navigation links giving users the opportunity to view all other pages of the app.
Links on the Page:	There will be links to retrieve your password and create an account. The following links will be available at the bottom of each screen: Account, Dashboard, Book, and My Appointments.
User Interaction (Navigating only or navigating plus opportunity to contribute?)	Navigation links on each screen will give the user an opportunity to interact with the links by clicking on them. Depending on which link they choose they will be able to login to their account, view all massage choices, or book an appointment by choosing the day and time that fits best with their schedule.
Graphical Elements/Images (Description plus file name)	The company logo will be on this home screen, filename KAlgo.png. I may put some icons along with the words in the navigation section.
Color Specs:	HEX #355f3b, #1e3621, FFFFFFFF, #161716
Font Specs:	In the body of the text I will be using font-families Montserrat and Poppins which are sans-serif fonts.

IMM 200 - MOBILE APP

Storyboards

Please complete this form for **EACH PAGE** of your Website and **EACH PAGE/SCREEN** of your mobile app. Each should have a minimum of five (5) internal pages/screens for a total of ten (10). Do not worry if you think you will change your mind about your site. This is just a starting point! You will very likely revise as you go along.

Storyboard Form	
Your Name: Angela Gillentine	
Page Title: Massage Therapist Kevin Adams	File Name: dashboard.html
Description of Copy Text (What the text will accomplish on this page?)	Text on this page will include the heading asking the user to choose a category. The different therapy's are displayed on this page so that they can select the one they want. There will also be navigation links giving users the opportunity to view all other pages of the app.
Links on the Page:	Each therapy listed on this screen is a clickable link in the form of a button. These include deep tissue, stretch therapy, cupping therapy, reflexology, and postural assessment. The following links will be available at the bottom of each screen: Account, Dashboard, Book, and My Appointments.
User Interaction (Navigating only or navigating plus opportunity to contribute?)	Clicking on any of the therapy options and clicking the next button will bring them to the next screen where they go through the process of booking an appointment. Also, navigational links on each screen will give the user an opportunity to interact with the links by clicking on them.
Graphical Elements/Images (Description plus file name)	I'm not sure if I will be adding any graphics to this page. I may do one background image. I may make faded graphic images related to each specific type of therapy/massage behind the words of the therapy buttons.
Color Specs:	HEX #355f3b, #1e3621, FFFFFFFF, #161716
Font Specs:	In the body of the text I will be using font-families Montserrat and Poppins which are sans-serif fonts.
